

DD/S 125 East

General Counsel 353 South

4/13/55

25X1

The Director specifically approved employment of under the authority of Public Law 53 if a slot is available. If none is available, we will have to try to work things out until we have one. In this connection the Director felt we should try for enlargement of the authorization in Public Law 53. Does Personnel have any information which would indicate how many additional cases such as the situation currently exist. L.R.Houston
